The Master's Message

Time.

More particularly, the passage of time and the effects that it can have on the human condition or our perception of it.

Take for example one year. On a cosmic scale, one year is barely a millisecond. But, here on Earth, one year can change our outlook on life.

One year ago, we were in the midst of a pandemic the likes of which we haven't seen in a hundred years. Everything that we took for granted, like traveling, visiting a friend, going to a movie or a restaurant, or even something as simple as seeing someone else's face, were slowly being taken away. On a Masonic level, meetings were being cancelled, events postponed, Degrees put on hold, handshakes turned into elbow bumps, and traditions that were as second nature as breathing were modified to become barely recognizable.

We adapted.

We endured.

We modified our way of looking at the world and at Masonry. But, most importantly, we maintained hope for the future. We never gave up on the idea that life will once again return to normal.

So, here we are, one tiny year later, and life is returning to normal. The vaccine is readily available for any who need it, and restrictions are being lessened, both Masonically and in the world as we know it. I am seeing people's faces again, shaking people's hands again, going to restaurants again, and looking forward to seeing the world again.

I also look forward to Degree work in our Lodge starting with an Entered Apprentice Degree on June 24th.

I look forward to meals being served in our Lodge again, starting with our annual cookout for our June Stated Meeting. This is open to our Brethren and their families and dedicated to our PGM Ken Clay for his guidance, leadership, and support.

We are not completely out of the Pandemic tunnel yet. But the light at end of the tunnel is getting brighter every day. For us, that light is the Light of Masonry that has been shining steadily guiding our way home to the Lodge and the Craft that we all know and love.

Your friend and Brother,

Wil ✨
